LMH rally averted as negotiations recommence

A lunch time rally of Emergency Department (ED) nurses at the Lyell McEwin Hospital (LMH), planned for tomorrow, has been averted after negotiations with Northern Adelaide Local Health Network over the staffing of the ED Resuscitation Team recommenced.

Negotiations resumed yesterday afternoon and are expected to continue throughout this afternoon in the Industrial Relations Commission.

Any formal proposal for staffing of the Resuscitation Team that arises from these negotiations will be put to the affected ED nurses for consideration at a meeting held tomorrow at 8am.
